Drug and Alcohol Services Advisory Board

[Printer Version](#)

The San Luis Obispo County Drug & Alcohol Advisory Board

Substance abuse continues to impact our community and schools on many levels regardless of socioeconomic status, race, ethnicity or age. The San Luis Obispo County Drug and Alcohol Advisory Board represents various constituencies in the community and gives input to Drug and Alcohol Services' administration regarding strategic direction and policy.

If you are interested in substance abuse prevention, treatment and or education and wish to become part of the "solution", we encourage you to review the posted materials and consider applying to the D & AS Advisory Board. We also extend an invitation to attend one of our monthly meetings on the third Thursday of the month, from 12 Noon to 1:30 PM, at SLO Drug and Alcohol Services located on the Health Campus at 2180 Johnson Avenue, San Luis Obispo.

For further information, please contact Kimberly Kurtzman at 805-781-4290 or kkurtzman@co.slo.ca.us.
