**Yuba Theatre Septic System Replacement Project
ADDENDUM NO. 1**

The following additions shall be made to the **PLANS**:

- 1) Sheet No. 2 – The septic tank shall have cast-iron frames and covers over the two top access ports. The covers shall be brought to finished grade. A water seal shall be provided at each frame and riser joint. The cover shall be labeled "SEWER" with raised cast letters and shall be bolt-down.
- 2) Sheet No. 2 – a sanitary sewer cleanout shall be provided on the exterior portion of the 4" sewer lateral, within 2' of the building wall. The cleanout shall consist of a PVC wye connection, and shall have a screw-on end cap with a PVC riser as may be required. A 12" concrete cleanout box with a cast-iron cover labeled "SEWER" in raised cast letters shall be provided on the cover and shall be installed at grade.

No changes have been made to the technical specifications or the project timeline.

Signed,

Nick Zaninovich, P.E.
Civil Engineer
